Township: _____

Section: _____

¼ - ¼: _____

Requested by:

Name: _____

Owner Tenant Other

Address _____

Phone: _____

Cell Phone: _____

Landowner's name, if not provided above: _____

Description of problem: _____

Signature of person reporting the problem: _____

The signer of this work order agrees to assume all costs (including, but not limited to, labor, materials, and fuel) associated with the excavation, maintenance, repair, and/or replacement of any privately-owned drainage tile performed as a result of this work order. All costs associated with the excavation, maintenance, repair, and/or replacement of any county-owned drainage tile will be apportioned and billed to the corresponding drainage district. The signer of this work order acknowledges that it can be difficult to ascertain the scope of a drainage problem and/or the ownership of a particular drainage tile without excavating the tile. The signer of this work order agrees to assume all costs associated with excavation of a privately-owned drainage tile performed as a result of this work order, even if the signer assumed the work would be performed on a county-owned drainage tile at the time this work order was submitted.
